

Joe & Angie McGilvrey, & PT The Dog - Apex Physical Therapy

Joe grew up in the Chicagoland area. He graduated from Indiana University with a degree in Physical Therapy. Joe is one of only 200 physical therapists within the United States Board Certified to perform electrodiagnostic testing services. When Joe isn't changing the lives of his patients or giving PT his undivided attention, you can find him at the gym or on the boat.

Angie grew up in the Chicagoland area as well, making her and Joe high school sweethearts. She graduated from Indiana University with a degree in Physical Therapy. Angie is also a certified nutritional therapy provider. Many days, PT is attached to Angie's hip at the clinic, giving patients and the team a little extra support. When Angie isn't in the office, you can find her doing Crossfit, Yoga, or on the boat.

PT is a rescue dog who has 3 legs and is part of the Apex Physical Therapy Family. Joe and Angie McGilvrey, who are owners of Apex Physical Therapy are PT's mom and dad and rescued him in January 2019. On January 9, 2019, PT's life was forever changed. That was the day PT was rescued. When he was at the animal shelter, they called him Petey. When the loving humans, whom he now calls mom and dad, rescued and rushed me to the emergency room, they accidentally recorded his name as PT. Their purpose was made clear. PT's mission is to change the lives of other rescue dogs like himself, to empower the next generation of pet owners through humane education, and to inspire others facing physical adversities of their own.

Pres. Dan Detrick

It is Friday and time to head home after another busy week. My dad said time goes even faster as you get older boy is right. My Seminoles play this Saturday night and I will be at the Symphony with my wife. Don't get me wrong I enjoy the symphony but it's Florida State College football, my alma mater. The sacrifices we make for our loved ones... Go Noles!

Last week I attended my first Rotary New Member Information meeting as President. Gary Green is the chair of this committee and the committee members in attendance included Past President Victoria Stephen, Past President Steve Pontious, and Past President Patricia Bell. It was fun, informative, and inspiring it showed me multiple reasons why our club has a bright future as well as a storied past.

Marshall Bower with the Foundation for Lee County Public Schools gave an inspiring presentation. It made me want to become a mentor and help young people reach their goals. I am glad we are helping all students fulfill their dreams whether that is going to college or finding a trade. I have two children and one chose to go to college and one did not. I am happy to say they are both living happy and fulfilling lives.

This coming week October 24th to be precise we have the Pints for Polio social at Millennial Brewing. This is a multi-club social which will make this quite a fun event.

Our speaker this week is Angela McGilvery and PT the Therapy Dog. I wonder how they decide who speaks first.

I hope to see you on Tuesday.
