Pres. Dan Detrick

I hope everyone enjoyed last week's meeting as much as I did. Cynthia and I enjoyed Australia and the Rotary International Convention. We are very thankful to Rotary for giving us the opportunity to see Downunder we had a great time. I hope Steve and Lisa have as much fun at next year's International Convention in Singapore.

I want to give a heartfelt thank you to the Mann family for giving our club such a great deal on our Rotary Club office for so many years. Like so many things all good things come to an end. As of August 31st, we will be moving our Rotary office to a yet undetermined location. Don't worry we already have a few locations in mind thanks to the work of our great club members, Skip Camp and Steve Belcher thank you. If you can help in this quest please contact one of us asap.

In case you missed last week's meeting we have BIG news. Our club is moving its weekly meetings back downtown. The new beautiful location is The Riverside Community Center 3061 E Riverside Dr, Fort Myers, FL 33916. It has beautiful views of the river, great parking a fantastic stage and lots of parking. Past President Bob Sheehan has secured the catering with Jason's Deli which is one of my favorite lunch spots, thank you, Bob. Past President Skip, Bob, Fred, and President-Elect Steve thank you for securing this fantastic meeting spot.

We have a great program slated for this week. Eldon Bohrofen a Rotarian Past President and Past Assistan Governor from the Sanibel Captiva Rotary Club will be speaking about Rotary gift annuities, a great way to give and receive back. Eldon has become a member of the Arch Klump Society through this program. I am going to let Eldon tell you in the program what it means to be a member of the Arch Klump Society. Our Rotarians always give the best programs so if I were you I would not miss this one.

The U.S. Rotary Club & District Liability Insurance Program provides all U.S. Rotary and Rotaract clubs and districts with general liability and directors & officers / employment practices liability insurance.

Clubs continue to post images and other media (cartoons, songs, etc) online in disregard of copyright laws, resulting in a considerable increase in claims activity under the U.S. Rotary Club & District Liability Insurance Program ("Program"). **Over 40% of the Program's open claims now pertain to copyright infringement.** Since claims activity determines state-by-state insurance assessment rates, your club could raise the rates for all of the clubs in your state.

Copyright owners hire companies offering software that "trolls" the internet in search of copyright violations involving their images or other media. These companies are commonly referred to as copyright trolls. When a troll finds a violation, they contact the party who misused the image or other media and make a demand to settle the violation. Failure to respond to the demand increases the difficulty of resolving the claim.

It is your club's responsibility to comply with copyright laws.

Here is what your club can do to prevent receiving a notice of copyright infringement:

Immediately:

- Review your club's social media accounts and websites and delete any content using images or other media where you do not have the copyright owner's permission. This includes bulletins, newsletters, and other documents and forms, even if they are 10+ years old.
- Contact [Risk Management](#) immediately if your club receives a notice of copyright infringement. The Program may provide coverage depending on the way the image or other media was used.

Going Forward:

- Instead of lifting images or other media off the internet, use images or other media created by members of your club (first receive their permission) or use the [Rotary Brand Center](#).
- Never use images or other media without permission.
- Purchase images or other media online.
- Consult the United States Copyright Office's [website](#).

For further information about this topic, please go to the Program website and review Copyright Infringement & Privacy Guidelines.
